SUMMARY

Full Stack Developer with 6 Month of internship experience in designing, developing, and maintaining scalable web applications using React.js, Node.js, and MySQL. Skilled in building responsive user interfaces with modern front-end frameworks and managing RESTful APIs with Node.js and Express.js. Now Looking a new full-time opportunity to contribute technical expertise while continuing to grow and learn.

EDUCATION

Mahi High School Mahi (Higher Secondary School)

High School (Class X) && Year of Completion: 2024

Board: GSEB (Gujarat Secondary and Higher Secondary Education Board)

TECHNICAL SKILLS

Languages : JavaScript, Node.js

Frontend : Next.js, React.js, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend : Node.js, Express.js

Database : MySQL

Version Control : Git, GitHub

API Testing Tool : Postman

WORK EXPERIENCE

Valuda's Tech Park | (6 Month Internship)

Sep 2024 - Present

- I have completed a 6-month internship where I worked on some web application projects, two of which is live in production.
- I developed these projects using Next.js, React.js, Node.js, Express.js and MySQL.
- My responsibilities included user authentication, CRUD operations, REST API development, security and frontend design with React.
- I have experience handling both frontend and backend development, along with database integration.

PROJECTS

Ajva Motors| [LINK](#)

Tech Stack: Node.js, Express.js, React.js, MySQL

- Developed a full-stack web platform for AJVA MOTORS using Node.js, Express.js, React.js, and MySQL, featuring modules like Product Management, Blog, and Admin Settings and Dashboard.
- Implemented key modules: fs module, multer, archiver, bcryptjs, jwt token, mysql, mysqldump, body-parser, cors And dotenv.

AWC India| [LINK](#)

Tech Stack: Node.js, Express.js, Next.js, MySQL

- Developed a full-stack web platform for AWC India using Node.js, Express.js, Next.js, and MySQL, featuring modules like Product Management, Blog, and Admin Settings, Dashboard and SEO Optimization.
- Implemented key modules: axios, cookie, cors, express, jwt token, formidable, jquery, multer, mysql2, next, nodemailer, react-feather, react-google-recaptcha, react-image-lightbox, react-masonry-css And dotenv.

E-Commerce-Web

Tech Stack: Node.js, Express.js, React.js, MySQL

- Implemented key modules: Add to Cart, Product Fetching, Order Tracking, and seamless user experience for a full-fledged shopping platform.
- Integrated Google sign-up/login, custom registration forms, and Razorpay for secure online payments.
